

K-LOVE radio provides a valuable service to the Minot community. There is no other radio station even close to K-LOVE's commercial-free, Christian genre. The entire community can benefit from K-LOVE's positive, encouraging programming. It would be a shame for K-LOVE to be forced off the air here, especially since there are many frequencies remaining. K-LOVE serves all residents of Minot, whether they are Christian or not, because they have a POSITIVE message that all people can benefit from. I would be HUGELY disappointed if K-LOVE were replaced by some local programming. We do have another local Christian station here, and it is good, but it doesn't compare to K-LOVE. Let's keep both stations on the air in markets like Minot where there are more than enough frequencies to go around. Thank you.
